### CREATION OF A UNIVERSITY BICYCLE PROGRAM

**Short Title:** A resolution that will create a program that allows students of Arkansas State to rent bicycles and equipment to use on campus for transportation or recreation.

- Whereas, A bike share program supports the university initiative of sustainability by encouraging as efficient, environmental friendly method of transportation, and
- Whereas, bicycling is a fun and healthy recreation that promotes a healthy lifestyle for students, and
- Whereas, bicycles, equipment and maintenance can be costly for students and a bike share program is an economical alternative to provide this healthy transportation option, and
- Whereas, our international student population has increased drastically and many of these students rely on public transportation options, and
- Whereas, the bike share program addresses the recreational, economic, environmental, and transportation needs for our students by providing a program to rent bicycles and necessary equipment through a service provided by the Red WOLF Center.

### BE IT THEREFORE RESOLVED BY THE STUDENT GOVERNMENT ASSOCIATION OF ARKANSAS STATE UNIVERSITY THAT:

The Student Government Association will sponsor an official bicycle program through the Red Wolf Center where students can rent a bicycle and equipment for a designated amount of time, for free.
