Resolution to add signage to University Housing doors to increase campus safety and awareness

Short Title: A resolution to support adding signage to the inside of exterior residence hall doors to provide the residents with important information and contacts of various student resources around campus

- Whereas, Arkansas State University provides a number of resources to students; and
- Whereas, many students are unaware of these resources and the contact information for these resources; and
- Whereas, by providing students with the information they need, they will be more likely to utilize these resources; and
- Whereas, representatives from the University Housing office are in support of adding the proposed signage to the doors before the 2020-2021 housing period begins; and
- Whereas, it will be at the discretion of the University Housing staff as to what information to include; and
- Whereas, this will promote campus communication and safety.

BE IT THEREFORE RESOLVED BY THE STUDENT GOVERNMENT ASSOCIATION OF
ARKANSAS STATE UNIVERSITY THAT:

University Housing add signage to the inside of exterior residence hall doors to educate students
on how to utilize the available resources on the Arkansas State University campus.
