Increased Funding for ASU-Jonesboro Student Health Center

Short Title: A resolution that will establish a "Student Health Center" fee in the amount of \$2 per credit hour, with a maximum of \$25 dollars, but a minimum of \$15 in order to meet the crucial needs of our students.

Whereas, a study was conducted by the ASU-Jonesboro Student Health Center and on any given month between 60% and 70% of students were not able to receive service.

Whereas, this fee would also engineer the monetary units necessary to start the ASU-Jonesboro pharmacy.

Whereas, the pharmacy would be very beneficial to our international students that need to fill prescriptions.

Whereas, the fee would increase the number of "free" services offered by the Student Health Center, to our students.

Whereas, this fee would increase the number of people on the Student Health Center staff, which in turn would allow for quicker service as well as an increase in number of students seen.

Whereas, the fee would allow for our students to get health care at a reasonable discount as compared to private practices.

BE IT THEREFORE RESOLVED BY THE STUDENT GOVERNMENT
ASSOCIATION OF ARKANSAS STATE UNIVERSTY THAT:

Effective Fall 2008, that a "Student Health Center" fee be established in the amount of \$2 dollars per credit hour, for a minimum of \$15 dollars but a maximum of \$25 dollars, to ensure that the crucial needs of our students are met.
