Re: Shared Governance Proposal 15 SP 01, Teaching Load

On Wednesday, April 1, I received Shared Governance Proposal 15 SP 01, a proposal to modify the section of the Faculty Handbook concerning teaching load. After reviewing the proposed changes and based upon the unanimous support by all constituency groups, I approve Proposal 15 SP 01.

Pursuant to the Shared Governance Proposal Review Process, the campus community will be informed of my decision, which will be done through the ASU Digest.

Thank you for your leadership and please extend my appreciation to the Shared Governance Oversight Committee for their participation in the shared governance process.
