## Certificate in Information Technology 2021-2022

The program is intended to deliver training that provides foundation working knowledge in information technology. The resulting certificate is independent of any degree program and can be used either to enhance whatever degree is being pursued by the student or to demonstrate IT accomplishments of the non-degree-seeking student. For the latter, the certificate incorporates a basic communications component, a Business foundation component, and a strong basic IT component.

Student Name: \_\_\_\_\_ ID#: \_\_\_\_\_

Prefix & Number	Course Name	Grade	Alternate Course	Sem. Hours
