Cell: 865-585-0481

Education:

Date	Institution	Degree
1965-1969	The Ohio State University	M.S. – Internal Medicine
1966-1967	Colorado State University	Internship – Large Animal Medicine
1962-1966	The Ohio State University	D.V.M. – Veterinary Medicine
1959-1966	The Ohio State University	B.S. – Animal Science

Specialty Board Certification:

Diplomate, American College of Veterinary Internal Medicine

Corporate Board Memberships:

- Live Oak Bank – Member Board of Directors 2008- Present

1741 Tiburon Dr
Wilmington, N C 28412

Live Oak Bank is chartered as a community bank but with a national specialized market. As the nation’s largest SBA lender, it lends to veterinarians and 30 other select business sectors.

- Adtalem Medical Group: Ross University– Member of Board of Trustees –Jan 2017- June 2023

Ross University operates two accredited medical institutions : The Ross School of Medicine in Barbados and The Ross School of Veterinary Medicine in St Kitts

- Banfield Pet Hospitals – Member Board of Directors 2009-2015
8000 N E Tillamook
Portland, Oregon 97213-0998

Banfield Pet Hospitals is a private corporation owned by Mars Inc. It is a primary care practice with about 1000 hospitals nationwide. There are over 1 million pets enrolled in their optimum wellness plan.

Professional Positions

Date	Position/Title	Institution
July, 2023 – August,2024	Founding Dean	College of Veterinary Medicine Arkansas State University

Arkansas State University is a fully accredited State University located in Jonesboro, AR. It is a research university with about 15,000 students. It has studied the feasibility of establishing a College of Veterinary Medicine for several years. Dean Hoffsis was charged with establishing the College, gaining veterinary accreditation, recruiting a permanent Dean and faculty and students, designing facilities, and gaining support of the constituencies.

2013-2016	Dean and Vice President	College of Veterinary Medicine Lincoln Memorial University
2016- 2020	Special Assistant to the President	

Lincoln Memorial University is a private nonprofit liberal arts university established near Cumberland Gap TN in 1897. It recently began establishing professional and biomedical colleges and the College of Veterinary Medicine was the most recent addition. Dean Hoffsis joined the University soon after the CVM was envisioned and became the founding dean. He was charged with visioning and implementing the curriculum, facilities, gaining accreditation, and attracting a faculty. The CVM was successfully established and gained full accreditation in a very short period of time.

During Dean Hoffsis' Term:

- Full accreditation by AVMA Council on Education was achieved.
- Approximately 100,000 sq. ft. of teaching space was constructed.
- Approximately 30 resident faculty plus another 35 nonresident faculty and an equal number of staff have been employed.
- An affiliation agreement was established between LMU and University of Kentucky Gluck Equine Research Center and the Diagnostic Laboratory.
- A distributive model of clinical education was implemented with a network of approximately 200 practices.
- Three classes of over 100 veterinary students were successfully recruited from an applicant pool of over 1,000 applicants.

2006- 2013	Dean	College of Veterinary Medicine University of Florida
------------	------	---

During Dean Hoffsis' Term:

- Initiated and completed a new small animal hospital. This is a \$57 Million, 100,000 SF state-of-the-art referral hospital with exceptional design and equipment.
- Developed and instituted new services including Rehabilitation, Advanced cancer therapy, Hyperbaric and Alternative therapy, Emergency and Critical Care, and Wellness Care
- Developed and implemented a new UF emergency practice in Ocala, Florida
- Built and funded a new high tech 160-seat auditorium.
- Developed an innovative veterinary student enrollment expansion program
- Instituted a distributive equine clinical clerkship program
- Lead a development campaign that raised over \$50 Million in five years.
- Developed outreach, distance education, alumni and veterinary association projects, and collaborations with other UF colleges and centers.

2004-2006	Assoc. Director Veterinary Services	Procter and Gamble The Iams Co
-----------	--	-----------------------------------

In this position, Dr. Hoffsis was charged with leading the veterinary technical services group which implemented the academic programs in the Colleges of Veterinary Medicine in the US and beyond. He was also the lead interface between P&G - Pet Health and Nutrition and the veterinary profession and was an advisor to the company relative to veterinary issues.

1993- 2004	Dean	College of Veterinary Medicine The Ohio State University
------------	------	---

During Dean Hoffsis' term:

- The College progressed from a status of Limited Accreditation by the AVMA to full accreditation and a ranking of 6th among US Colleges of Veterinary Medicine in US News and World Report
- Three new buildings were built including the Veterinary Medicine Academic Bldg., The Galbraith Equine Center, and the Large Animal Clinic at Marysville
- The College Departments were restructured and consolidated from five to three to align with the College mission
- A major fundraising effort was launched, a part of which included the acquisition of several new endowed chairs and professorships including the endowed deanship
- A comprehensive strategic plan was developed
- Developed a new budget model. College budget nearly tripled; research nearly doubled

1995- 2004	Assoc. Director Ohio Agricultural Research and Development Center	The Ohio State University
------------	---	---------------------------

1993-1995	Interim Dean	College of Veterinary Medicine The Ohio State University
-----------	--------------	---

1991-1993	Hospital Director	Dept. of Veterinary Hospital The Ohio State University
-----------	-------------------	---

1970-1991	Head, Food Animal Medicine and Surgery Section	Dept. of Veterinary Clinical Sciences The Ohio State University
1979-present	Professor	Dept. of Veterinary Clinical Sciences The Ohio State University
1974-1979	Associate Professor	Dept. of Veterinary Clinical Sciences The Ohio State University
1970-1974	Assistant Professor	Dept. of Veterinary Clinical Sciences The Ohio State University
1967-1970	Instructor	Dept. of Veterinary Medicine The Ohio State University
1966-1967	Intern	Colorado State University
Summer 1964	Research Associate In Pathology	Angell Memorial Animal Hospital Boston, Massachusetts
	Coordinator, Food Animal Medicine Conference for Veterinarians	1972 – 1992

Research Support:

Corticosteroid Determinations in Normal and Diseased Horses, 1970, co-investigator.

Hyper alimentation of Calves. Cardinal Creek Farms, 1975, \$2,300, principal investigator.

Use of 1,25-Dihydroxycholecalciferol in Prevention of Parturient Hypocalcemia. The Ohio State University Seed Grant, 1976, \$4,000.00, principal investigator.

Clinical Testing of a Fluid Therapy System. Supported by Pitman-Moore, 1978, \$1,000.00, principal investigator.

Investigations on Vitamin D Metabolites in Dairy Cows. USDA Formula Grant, \$70,000.00, 1980, co-principal investigator with Charles Capen.

Studies on 1,25 Dihydroxycholecalciferol in Dairy Cattle. USDA Special Grant Program, \$125,000.00, 1981, co-investigator with Charles Capen.

The Effect of Experimentally Induced Colibacillosis on Intestinal Lactase Activity in Milk Fed and Starved Calves. USDA Formula Funds, \$40,000.00, 1982, co-principal Investigator with Dr. Michael Rings.

Induced Parturition in Cattle. USDA Special Grants, \$40,000.00, 1982, co-investigator with

Charles Capen.

A Sustained Release Dosage Form of Magnesium for the Prevention of Hypomagnesemia. USDA Special Grants, \$90,000.00, 1983, principal investigator.

Investigations on Effects of Difluorinated Active Metabolites of Vitamin D on Calcium Homeostasis in Dairy Cows. USDA Formula Funds, \$35,000.00, 1985, co-principal Investigator with Charles Capen.

Evaluation of ELISA Test and Removal Procedures for Control of M. paratuberculosis. USDA Formula Funds, \$25,000.00, 1985, co-investigator with Steen Bech-Nielsen.

Development of a Monoclonal Antibody for M. paratuberculosis. USDA Formula Funds, \$30,000.00, 1985, co-investigator with Lawrence Mathes.

A Controlled Release Delivery System for the Treatment of Infectious Bovine Keratoconjunctivitis In Cattle. USDA Formula Funds, \$11,000.00, 1986, principal investigator.

Evaluation of an Improved Indwelling Urinary Catheter in Animals. Sherwood Laboratories, \$10,000.00, 1986, co-principal investigator with Franklyn Garry.

Hypertonic Saline in Endotoxemic Calves. USDA Formula funds, \$6,500.00, 1986, co-principal Investigator with Peter Constable.

Evaluation of a Dot Blot Test for M. paratuberculosis. American Jersey Cattle Club, \$3,500.00, 1987, co-investigator with William Shulaw.

Evaluation of Tissue Macrophages for the Presence of M. paratuberculosis Organisms in Infected Cattle. USDA Formula Funds, \$10,000.00, 1988, principal investigator.

Evaluation of Colostrum and Milk for the Presence of M. paratuberculosis Organisms in an Infected Herd. USDA Formula Funds, \$11,478.00, 1989, principal investigator.

Investigation of Pasteurization as a Viable Method for Eliminating M. paratuberculosis Organisms From Colostrum. Ohio Dairy Check-off Funds, \$6,800.00, 1992, principal investigator.
