2. **Proposed Change** (for undergraduate curricular changes please provide an 8-semester plan (appendix A), if applicable)

Form Revised: 08/06/2019

Remove ELCI 6423 Middle School Curriculum from all Educational Leadership degree programs and Curriculum and Instruction degree programs as well as the Professional Education Core Classes. It will also not be an elective option for other programs.

3. Effective Date
Fall 2022

4. **Justification –** *Please provide details as to why this change is necessary.*
We are planning to reduce the number of hours in the MSE Curriculum and Instruction tracks as well as in the MSE Ed Leadership Building Level Principal program from 36 to 33. Additionally, the change will reduce the EdS Curriculum Director track from 36 to 33 hours. In order to meet state and national standards, the programs have gone through revision and alignment to new standards. Our curriculum matrices indicate that ELCI 6423 can be eliminated while still being able to address all state and national standards. Additionally, all applicable concepts and standards are able to still be covered in Elementary Curriculum and Secondary School Curriculum courses which have been redesigned.
This course will no longer be an option/elective for other programs as well.
