An ASU Jonesboro Proposed Policy for Interim Policies
From Faculty Handbook Committee

New proposal – Interim Policy: the purpose of an interim policy is to enact policy during a timeframe of legislative urgency and/or when policy implementation cannot be accomplished due to the unavailability of a significant percentage of shareholders. Policies hold interim status only until they can be reviewed by the shared governance process and will be time-limited to 1 year from the date of initial Board of Trustee interim approval. (1.c. 2nd paragraph, pg 12)
